### **OUTLaws Statement of Solidarity with the Black Community**

OUTLaws stands in solidarity with the Black and African-American communities. As the protests against police brutality take place nationwide, our mission to promote acceptance and equality for people of all races, genders, sexual preferences, religions, and all other forms of marginalized identities remains imperative as ever. We stand with our Black and African-American peers and fellow citizens in seeking an end to institutionalized racism and violence.

As LGBTQ+ Pride Month begins, we find it essential to recognize that the American LGBT Rights Movement was founded on the backs of black transwomen. We do not forget their sacrifices, nor the ways that their intersecting racial and LGBTQ+ identities impacted their lives. Just as we honor and remember Marsha P. Johnson, Miss Major Griffin-Gracy, and many other black LGBTQ+ pioneers; we honor the lives of George Floyd, Tony McDade, Breonna Taylor, and Ahmaud Arbery. We will work to see that they have left legacies of justice and hope for an end to the atrocious cycle of violence. Pride was and is a protest.

OUTLaws stands with and supports our Black and African-American peers, both in this current time of increased violence and beyond. We hope that the OUTLaws community join us in this mission, and have included links to donate to relevant organizations below. Stay safe and speak out. Black Lives Matter!
